

La Livinière

From March 2024, Minervois La Livinière has changed its name to La Livinière AOP

The Minervois AOP is located in the western Languedoc just north of Corbières.

La Livinière is located on the north edge of the Minervois appellation

The specifications for the wines of the La Livinière AOP are as follows:

- **Principal Grape Varieties**
 - Minimum of 40% (combined) Mourvèdre and Syrah
 - Minimum of 60% (combined) Mourvèdre, Syrah, Grenache, and/or Lladoner Pelut

 - **Accessory Grapes**
 - Carignan, Cinsault, Terret Noir, Rivairenc, and/or Piquepoul Noir
 - The blend must consist of a minimum of two varieties
 - Minimum potential alcohol: 12.5%
- The wines must be dry—a maximum of 3 g/L of residual sugar is allowed; this is raised to 4 g/L if the alcohol content is above 14%
- Wines may not be released until November 1 of the year following the harvest
